

3B SCIENTIFIC® BIRTHING STAGES TRAINER P94

Carry out realistic prenatal cervical examinations

Determine the labour progress using 6 inserts with various levels of cervical dilation and effacing.

The following levels and birth stages are shown:

- Cervix closed (0.5 cm), level -2
- Cervix 2 cm dilated, level -2
- Cervix 3 cm dilated, half effaced, level -2
- Cervix 5 cm dilated, effaced, level -1
- Cervix 7 cm dilated, effaced, level -1
- Cervix 9 cm dilated, effaced, level 0

Effective Training

The outside of the birthing stages trainers are neutral and do not indicate the birthing stage simulated inside. Only a number on the back indicates the stage.

Set contents:

- 6 inserts
- Safety plate with 4 screws (for optional insertion into the birthing simulator P90)
- Lubricant
- Carry bag

Each insert measures 13 x 11.5 x 13 cm. Particularly durable and easy-to-clean material was used especially for the requirements of medical training.

TIP:

For more thorough and realistic training, the birth stage inserts can be used in combination with the birthing stimulator P90 BASIC and PRO.

Order list:

P94 / 1020628

3B Scientific® birth stages trainer, set

XP90-015 / 1020608
